Madras.9

W.5.A/Cons.740 *Station.* Dated the 4th *Date.* February 1953.

Sir,

Sub:- Electricity Department - Capital Outlay on Electricity Schemes - South Kanara Distribution Scheme.

A reference is invited to G.O.Ms.441 PWD dated 5th February 1952 sanctioning a revised estimate for the purchase of bulk power from the Mysore Government from their Jog Falls Power Scheme and its distribution in South Kanara District. I am to state that the expenditure on the above scheme has been incurred from 12/50 onwards and the total expenditure incurred upto 12/52 is Rs.4,24,262/ This amount has been held under objection for want of technical sanction to a detailed estimate for the above scheme which has not yet been accorded by the Chief Engineer for Electricity. In his replies (vide margin*) to this Office letters communicating objection the Chief Engineer for Electricity has replied in regard to the technical sanctio to the above scheme that agreement between Madras and Mysore Governments have not yet been concluded and that the estimate can be prepared and sanctioned only after the agreements are concluded.

*o.745/X/S6/52-5 d/30.7.52
745/X/S6/52-8 d/5.9.52
745/X/S6/52-13 d/4.12.52
745/X/S6/52-16 d/28.1.53.

2. As, however, expenditure to the tune of Rs.4.24 lakhs has been incurred so far without concluding agreement and the scheme is not covered by a detailed sanctioned estimate, the matter is brought to the notice of Government for according sanction to the incurring of expenditure in the absence of any agreement for purchase of bulk power from the Mysore Government and before sanctioning the detailed estimate for the work.

3. It is requested that orders of the Government in the matter may be communicated to this Office at an early date. Result of action taken to conclude the agreement with the Mysore Government may also be communicated to audit.

Yours faithfully,

Deputy Accountant General.

No.977/A/B/53-2 dated 7/10th April 1953.

Sub: Electricity Department - Capital outlay on Electricity Schemes - South Kanara Scheme incurring of expenditure without a technical estimate.

Ref: A.G.'s letter W.5.A./Con.740 dated 19-2-53 and your Endt.No.17219I/53-1 dated 7-3-1953 thereon

---

Sir,

The modified scheme for extension of supply to South Kanara District by purchase of bulk power from Mysore Government from their "Jog Falls P.H." was approved by Government in G.O.No.441 P.W. dated 5.2.52.

Technical sanction to the scheme is kept pending, as the agreement with the Mysore Government for supply of bulk power by that State has not yet been concluded.

The execution of the work has not yet been taken up, except survey of Transmission Lines.

Orders for almost all the materials required for the work have been placed. The materials are being received and paid for. In this connection I invite a reference to P.W. Memorandum No.500S/49-55 dated 15-9-51 and 500S/49-78 dated 10-12-51 in which Government have approved the proposal to place orders for materials for transmission lines and S.S. equipments. The expenditure so far incurred pertains to the cost of materials paid for and on survey work.

Necessary Technical sanction to the detailed estimate will be accorded, as soon as the power agreement with the Mysore Government is concluded. The execution of the work on transmission lines etc. will however be taken up only after the agreement is concluded, and technical estimate is sanctioned.

Regarding the agreement to be entered into with the Mysore Government the present position is given below:-

The Mysore Government have offered their comments on the draft agreement furnished to it - vide letter No. EDS.5550/Elec/75-48-77 dated 27.2.53 sent to me with Government Endt.No.500-S/I/49-105 dated 7.3.53. Reply to this Government Endt. will be sent

Deputy ACCOUNTANT GENERAL.

This is only a copy of the reference addressed to the C.E.(E) & may be required when the papers are called for here.
G.O no. 148 dt. 15-1-54. (Supply of jog power to the parties are not ready with their lines and other works for the supply).

Sub:- ELECTRICITY DEPARTMENT - Capital Outlay on Electricity Schemes - South Kanara Distribution Scheme - Incurring of expenditure.

Ref:- From the A.G.No.W.5-A/Cons.740 d/ 19-2-1953.

-:-

Please see the A.G's letter at p.1 c.f. In September 1950, the Government sanctioned a scheme for extension of supply to the South Kanara District with power to be purchased in bulk from the Govt. of Mysore (Jog Falls Hydro-Electric Scheme) at an estimated cost of Rs.48.32 lakhs initially rising to Rs.62.05 lakhs in ten years. In modification of these orders, the Government have subsequently in G.O.441, P.W., dated 5-2-1952 accorded administrative approval to the revised estimate amounting to Rs.70.3 lakhs initially rising to Rs.88 lakhs in ten years for the purchase of bulk power from the Mysore Government and its distribution in the South Kanara District. At that time it was noted that there appeared to be no objection to according administrative approval to the revised estimate pending completion of the agreement with the Mysore Government for the supply of the power. The A.G. has now reported that from December 1950 onwards a total expenditure of Rs.4,24,262/- was incurred by the C.E. and that this amount was held under objection by him as the C.E.(E) has not so far ~~approved~~ accorded technical sanction for the scheme. The A.G. has further reported that when addressed in the matter the C.E.(E) informed him that as the agreement ~~was~~ has not been concluded with the Mysore Government, technical sanction was not given by him and that the estimate can be prepared and sanctioned only after the agreement is concluded. The A.G. has brought this to the notice of the Government and requested orders sanctioning the incurring of the expenditure. He has also requested that // action taken in regard to the conclusion of the agreement with Mysore may be communicated to audit.

2. Subsequent to approving the revised estimate in G.O.441, P.W., dated 5-2-1952, the Government approved the proposal of the C.E.(E) to place orders for the transformers and sub-station equipment required for the scheme in anticipation of the completion of the agreemen since he had given an assurance that the materials referred to can be used elsewhere, if the South Kanara Scheme does not go through. He has, however, been aske to go very slow for the present with the work on the extension of the scheme pending conclusion of the agree-ment with the Government of Mysore. Though the terms an conditions of supply of power by Mysore to Madras were settled long ago, a formal agreement could not be concluded, the main point of difference being the wordin of the clause in the agreement relating to the levy of t surcharge. However, the draft agreement sent by the Mysore Government has since been finalised and sent to them and they were requested to convey their acceptance to the agreement and send five copies of the agreement d signed. Their reply stating that they are not agreeable to clause (11) of the agreement relating to surcharge as suggested by this Government has just been received. They have also suggested certain amendments to some other clauses. It is being examined separately. In the circumstances, the conclusion of the agreement is only a question of ti as the terms and conditions were settled long ago.

3. In view of para 2 above, there seems to be no harm in approving the incurring of the expenditure pendi conclusion of the agreement with Mysore as asked for by the Accountant-General. The position regarding the execution of the agreement may also be explained to him.

4. Finance may see for remarks.

Please call for C.E's remark
